

RIVERHOUSE

OPERATION CENTAUR RETREAT SUNDAY SCHEDULE

12:30PM - ARRIVAL & SEASONAL LUNCH

We gather at the Bingham Riverhouse for a seasonal lunch - an invitation to exhale, set down the weight of daily life, and begin the journey inward.

2:00PM - FOREST BATHING: MINDFULNESS WALK TO RICHMOND PARK

We begin a guided Shinrin-Yoku walk through Petersham Meadows and Terrace Gardens. In silence, we cross thresholds - of meadow, hill, and woodland - tuning into the senses and letting nature soften the mind. This 90-minute walk culminates at Richmond Park, where the horses await.

4:00PM - EQUINE SESSION | PRESENCE

At Operation Centaur's peaceful paddocks, you'll meet the horses - not to ride, but to connect. Horses reflect only what is present - not what is performed. In their company, we begin to notice what is real, what is masked, what has been forgotten, and what is waiting to be reclaimed.

6:00PM - RETURN AND REST

Return to the Riverhouse. Time for tea, journaling, a quiet moment on the balcony, or rest.

7:00PM - DINNER

A three-course, plant-forward meal served in a space held for either gentle conversation or reflective silence, depending on your needs.

8:30PM - EVENING TALK

"The Wisdom of Stillness: What Nature and Horses Teach Us About the Self"
In The Drawing Room, we gather for a candlelit evening with Dr O'Hanlon, who will share insights into how horses and nature reflect our internal truths. Through story, psychological reflection, and gentle inquiry, she offers a guide to living with authenticity, presence, and quiet strength.
