JOHANNA PEDRICK FLOWERS | WEDDING FLORIST

Elegant and timeless floral designs for beautifully bespoke weddings! Johanna takes pride in designing celebration flowers that truly reflect the personalities of each couple - with over 30 years of experience in designing statement floral designs around the world that provide a stunning backdrop for your wedding day. In her words - “My job is to weave the flowers through the very heart of your wedding. Flowers play an integral part of your wedding day, adding ambience, atmosphere and fragrance and they will be treasured in your photographs forever.”

What is your number 1 tip for couples?

Trust your florist, and embrace seasonal blooms. We are experienced professionals and if you are flexible, we will create the most beautiful, creative designs using only the freshest top quality flowers that perfectly match your vision. Embrace the seasons with your flowers as that is when we will get all those wiggly twisty seasonal beauties that enhance your special day.

What is your favourite personal touch you have seen at a wedding?

Incorporating a sentimental bloom like Sweet Peas grown in a Grandparents garden or personal touches like attaching a little locket or a small photo around the stems of the bridal bouquet to honour a loved one who could not be at the wedding.

Describe you/your work in 5 adjectives:

Bespoke, Creative, Intentional, Passionate, Seamless - every couple is unique so my floral designs are created to reflect our couples love story and style with thoughtfully chosen seasonal flowers.

What is your most unique feature?

We only create one wedding per day so we are always on hand to repurpose and move your flowers at turnaround time from the ceremony to the reception space. The following morning we return and wrap your flowers so that you can collect them at breakfast for guests or take home.

What part of your business are you most proud of?

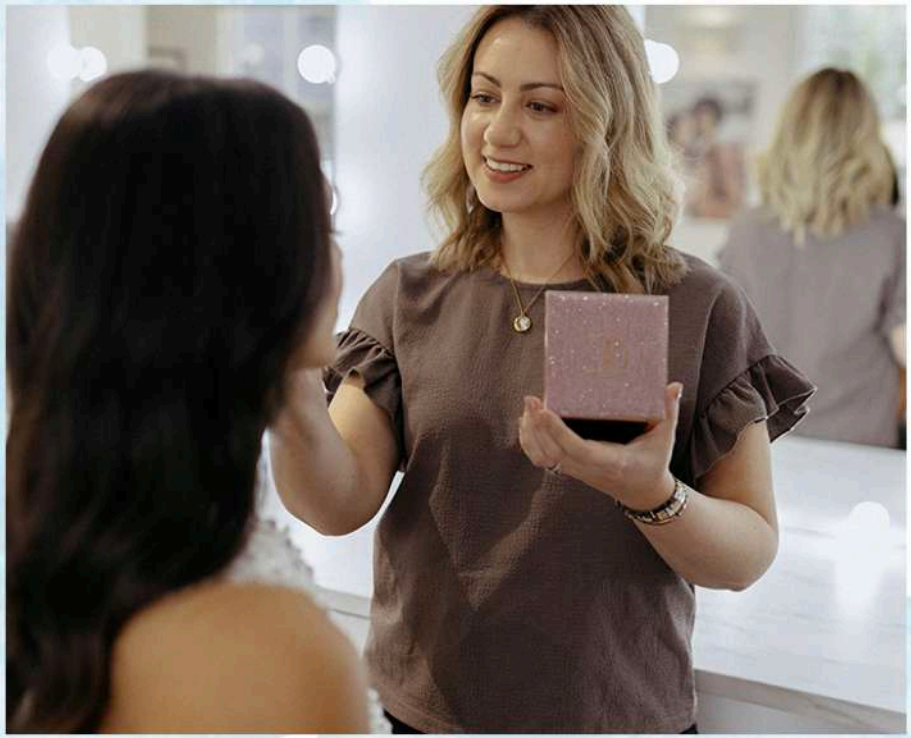

Being part of a couple's wedding day is an honour, and we are proud to create exceptional quality and meaningful floral designs that make each couple's day unique. Receiving the most wonderful feedback from our couples and venues on our floral designs and service really means the world.

STORME | HAIR & MAKEUP

Award winning bridal makeup and hairstylist with 25 years of experience looking after beautiful brides. Storme's sought-after artists are here to provide the best services and cater to your every need – going above and beyond to ensure you look and feel like the best version of yourself. A family business with heart, love, and most of all passion!

What is your number 1 tip for couples?

Make time for a little pause together. Five or ten minutes where it's just you two - to soak it up, look at the crowd of loved ones, and really *feel* what's happening. I did this between our photos and walking into the reception - and looking back, it was one of the most special moments.

What is your favourite personal touch you have seen at a wedding?

I love seeing tokens of memories from family incorporated into Weddings. Like using a piece of lace from mum's dress to create a hidden detail in the wedding gown, or a small photo charm of a loved one who's passed attached to the bridal bouquet to hold close to your heart.

Describe you / your work in 5 adjectives:

Timeless. Natural. Calm. Experienced. Comfortable.

What is your most unique feature?

I'm passionate about helping women feel truly beautiful (not transformed, and heavily made up but naturally enhanced in the most flattering way). My gift is tuning into each person's comfort level with makeup and hair, so they still feel like themselves, only glowing with confidence. One of the loveliest compliments I receive is that I bring a calm, steady presence to the room.

What part of your business are you most proud of?

Sometimes I forget how far I've come. In 2015, I left South Africa and started from zero - no contacts, no roadmap, just passion and determination. From 2016 onward, I built a brilliant team and a business I'm truly proud of. Now my mom works alongside me on admin, and it's become a family business, which gives me the space to focus on what I do best: makeup and hair.

MADE BY ADELE | WEDDING CAKES

Made by Adele creates luxury handmade wedding and occasion cakes that are led by taste and finished with flair. They are unique, delicious & beautiful. In her words - “Seasonal produce lies at the heart of my business and I offer products to reflect the seasons, showcasing the best of British produce with a regularly changing menu. Every element of my cakes and decorations are entirely handmade and natural; never processed, no colourings, preservatives or artificial flavourings”

What is your number 1 tip for couples?

Choose interesting cake flavours that people will remember and may have never tasted before. No one will remember your wedding cake if you had a Victoria sponge!

What is your favourite personal touch you have seen at a wedding?

One of my couples kept beehives and produce their own local honey. We worked together to get some of the honey to me and I created a bespoke recipe built around the honey flavour, letting it take centre stage for their wedding cake. It was such a lovely way to make it personal to them, whilst I got to put my culinary skills to the test!

Describe you / your work in 5 adjectives:

Delicious, Natural, Unique (my work) Meticulous & Energetic (me!)

What is your most unique feature?

What is your number 1 tip for couples?

It's worth considering what music your guests might like, in addition to your own preferences. Music can be one of the most memorable parts of a wedding, and you'll probably want to cater to various groups & ages to ensure the dance floor is full all night.

The groom getting up to sing the first number with the band. It was surprisingly good!

Describe you / your work in 5 adjectives:

THE MARTEN STRING QUARTET | LIVE MUSIC

A collective of exceptional London based string musicians, led by Cellist, Sally Alexander, whose artistry has graced elegant weddings, events, royal occasions, fashion houses, and iconic films. From performances on Harry Potter to Downton Abbey, and clients from Madonna to the Royal Family, their sound is synonymous with craftsmanship, emotion, and beauty. Offering bespoke music that turns weddings into memory scores - They don't simply play, they orchestrate stillness. They don't fill silence, they elevate it.

What is your number one tip for couples?

Don't just choose suppliers. Choose storytellers. Everything should hold meaning: even the space between notes. Choose people who understand the soul of your day, not just the script.

What is your favourite personal touch you've seen at weddings?

A bride once asked us to play her grandfather's wartime love song as she walked down the aisle. It wasn't famous. It wasn't grand. But it made the entire room cry. That's the kind of intimacy music can unlock. We were once asked to perform our bespoke arrangement of 'Skyfall' on the terrace as the groom landed by helicopter to his own wedding. We have a piece of music for every entrance!

Describe you / your work in 5 words:

Emotive, Beautiful, Transformative, Unique & Captivating.

What is your most unique feature?

Our repertoire and personal touch: From Mozart to Coldplay, Classical to Contemporary Pop, Motown to Bridgerton - our music is diverse, beautiful & thoughtfully curated. From your ceremony's entrance, signing and exit, through to your drinks reception; every moment is elevated through music, shaped for emotion, flow and atmosphere.

What part of your business are you most proud of?

That we've remained quietly exceptional. In a world of noise and novelty, we've stayed true to the power of musicianship, integrity, and elegance - and that's why people remember what we play long after the petals have fallen.

STORIES TRAVEL | TRAVEL DESIGNER

Timeless honeymoons, expertly crafted around you. Shana Sexton is a private travel designer and Founder of Stories Travel. With over a decade of experience creating bespoke journeys across all seven continents, she curates tailor-made honeymoons with you at its core. From luxury African safaris and barefoot island hideaways in the Indian Ocean to design-led European retreats and immersive cultural journeys through Asia and South America, each itinerary is shaped with intention from the very first conversation.

Awarded Innovator in Luxury Travel and affiliated with many of the world's leading hotel brands, Shana combines global relationships with trusted partners on the ground, creative vision and precise attention to detail. The result is a honeymoon that feels deeply personal and flows effortlessly, with extraordinary experiences that resonate for years to come.

What is your number one tip for couples?
Be open to the possibilities of what your honeymoon could be. This is a once-in-a-lifetime chapter that should reflect who you are as a couple; so rather than leading with a destination, start with how you want to feel and what genuinely excites you both. From there, we design. The most memorable honeymoons are never copy-and-paste versions of what you see online; they are shaped through thoughtful design, meaningful local connections and considered detail.

What is your most unique feature?
Every journey is crafted around you. I take the time to uncover your interests, values and the way you naturally like to travel. That insight allows me to weave in deeply personal touches and understated 'surprise and delight' moments that elevate the experience beyond expectation. These details may feel effortless in the moment, but they are carefully considered and can transform your honeymoon into an unforgettable adventure.

What part of your business are you most proud of?
There is nothing more rewarding than hearing about the moments that surprised you, excited you or moved you during your travels. Your honeymoon will be one of your biggest adventures, and I take immense pride in helping to shape that journey, from the first conversation to long after you return home.
