'Your House - Where you belong'

We are many different things.

Sometimes we are world-beater, game changers, grafters or daydreamers.

Sometimes we need to achieve, to build, to do.

Sometimes we are a soloist craving its choir and need to harmonise, to belong.

Sometimes we are restless and need help settling.

In the course of a day, an hour, a minute, we can be all of these things and more.

We have made a place where they're not kept apart, but flow together.

So that we can bring together those who understand.

Be Together

-

We have a variety of beautiful spaces available for you to enjoy throughout the house - with our Garden Rooms and Garden (including our Garden Pods for members to enjoy from Monday to Thursday).

At weekends our Drawing Room is the place to be for cocktails and fun DJ nights & Sunday brunch served in the restaurant.

Be Brilliant

-

A place to do. Meet. Get your head down, or lift your spirits up.

Work home-from-home in a place that gives you the space you need to be at your best and make things happen.

Be Still

-

Somewhere you know you'll be able to reconnect, switch off the things that don't matter, turn on the things that do.

Rest and reconnection shouldn't be productivity's enemy but it's partner, which is why we've brought it all together.
